

# **BEEF** *for the* **Classroom**

## **Beef for the Classroom Guidelines:**

1. Only beef may be purchased with program funds (fresh or further prepared)
2. Beef must be used for Family and Consumer Science curriculum only
3. The FACS teacher must complete the Beef for the Classroom *application form* in order to be approved to receive beef reimbursement. Keep in mind that only a limited number of applications will be approved; so be sure to send yours in early!
4. Once approved, the FACS teacher will receive confirmation from the NYBIC
5. The FACS teacher can then conduct the beef lesson anytime throughout the school year and will purchase the beef for the recipe to be prepared during the lab.
6. The FACS teacher will then return the enclosed Beef for the Classroom *evaluation form* along with the receipt for beef purchases to the NYBIC for reimbursement
7. All receipts must be submitted to the New York Beef Council in a timely manner
8. After receiving the completed report form and grocery receipt, the NYBIC will issue a reimbursement check
9. After review, the check will be made out to the school. No check will be issued to an individual. Checks will not be issued without receipt and report form.
10. Please be judicious with your spending/purchasing of beef and take into consideration your class size. We want to be able to provide assistance to as many school districts that are in need as possible with the allocated funds we have available.

### **Please note the following:**

1. Receipts should include name of store where beef was purchased and school name.
2. Funds can only be used in classroom/lab setting. Funds CANNOT be used for school BBQ's or for other school functions
3. A new application must be filled out for each new school year

**Failure to follow these guidelines will affect the schools  
ability to receive funds in the future**
